Pack Size: **1**

Keep beakers, flasks and tubes safe and organized while they air dry. Holds containers in one compact location with a removable, easy-to-clean metal drainage pan. Durable Construction – Spot-welded, vinyl-coated steel wire with (18) 12mm pins and (72) 8mm pins.

Product: **Insulated Transport Bag - UN3373 approved**

Code: **EB04.003**

Colours: **Blue**

Size: **440 x 290 x 390mm | Capacity: 49,76 L | Weight: 5.30 kg**

Pack Size: **1**

COOL'S is an isothermal bag that allows the transport in an organized way and under optimal conditions of diagnostic samples, from the extraction centre to the laboratory.

Product: **Compact Cold Chain Vaccine Transportation Bag**

Code: **2990**

Colours: **Blue**

Size: **W355 x D245 x H60mm**

Pack Size: **1**

The Compact Cold Chain Vaccine Transportation Bag is a medicine and vaccine carrier that is ideal for transporting cold chain items short distances such as between wards or clinics.

Product: **10 litre Small Cold Chain / Vaccine Transportation Bag**

Code: **2991**

Colours: **Blue**

Size: **W410 x D280 x H220mm**

Pack Size: **1**

A lightweight medical cool bag designed for the transportation of chilled products and extending the time between 2-8°C. With a new design, the vaccine bag designs bring improvements on durability, infection control properties, insulation and handling.

Product: **20 litre Small Cold Chain / Vaccine Transportation Bag**

Code: **2992 / 299T - WITH TROLLEY OPTION**

Colours: **Blue**

Size: **W410 x D280 x H340mm**

Pack Size: **1**

The Large Cold Chain/ Vaccine Transportation Bag, designed for transporting chilled products and extending the time between 2-8°C. These medium-sized 20 litre sized bags are ideal for transporting cold chain items between wards or clinics or for short community visits.

Product: **30 litre XL Cold Chain / Vaccine Transportation Bag**

Code: **2993 / 2993T - with trolley**

Colours: **Blue**

Size: **W430 x D340 x H350mm**

Pack Size: **1**

Our 30 Litre Extra Large Cold Chain / Vaccine Transportation Bag is our biggest yet and is ideal for large quantities. This carrier is ideal for transporting cold chain items for a longer period of time, such as for day-long community visits.

Product: **Medication Transport Case**

Code: **19964**

Colours: **Blue**

Size: **265W x 216H x 216mmD**

Pack Size: **1**

Our Medication Transport Case is compact, with a soft-sided medication carrier protecting temperature-sensitive contents during transport.

Product: **Transport Cooler**

Code: **20185 /20186**

Colours: **Green**

Size: **S 6.5L – 338 x 282 x 220mm L 15L – 420 x 325 x 284mm**

Pack Size: **1**

Good In, Bad Out – Confidently transport temperature-sensitive meds without fear of patient safety compliance failures or leaks. Sturdy latches and a leak-resistant gasket provide a tight seal that keeps cold in and prevents spills from escaping out.

Product: Lined Transport Bag

Code: 19731 / 19732 / 19733

Colours: Black

Size: Various sizes available

Pack Size: 1

Our Lined Transport Bag helps you to provide safer transport. Insulated transport tote features a tamper-evident lock that allows users to safely transport temperature-sensitive medication.

Product: Insulated Transport Box – Small

Code: 19808

Colours: White

Size: W229 x H254 x D279mm

Pack Size: 1

Our Small Insulated Transport Boxes are cost-effective, the boxes keep medications at a stable temperature during transport. The boxes also protect drug integrity – 38mm thick insulated walls are ideal for transporting 24 to 48-hour shipments.

Product: Insulated Transport Box – Large

Code: 19807

Colours: White

Size: W394 x H305 x D394mm

Pack Size: 1

Our Large Insulated Transport Boxes are cost-effective, the boxes keep medications at a stable temperature during transport. The boxes also protect drug integrity – 38mm thick insulated walls are ideal for transporting 24 to 48-hour shipments.

Product: Gel Packs – 1 litre

Code: GELPACKS

Colours: /

Size: 1 Litre

Pack Size: 1

Specially designed insulation material. These gel packs keep products chilled at below 8°C for up to three days when used with an insulated box. Test data available.

Compounding and Dispensing

Product: **Hinged Door Locking Refrigerator Box**

Code: **3746-01**

Colours: **Clear**

Size: **305 x 114 x 152mm**

Pack Size: **1**

Clear acrylic material allows easy viewing of contents. Available with single, double, or a combination lock. All single and double locks include two keys per lock. Boxes are keyed differently on a master system.

Product: **Traceable – Digital Humidity/Temperature Meter**

Code: **14141**

Colours: **/**

Size: **/**

Pack Size: **1**

Ideal for routine measurements, monitoring around-the-clock, quality-control needs, and critical experimental requirements. Displays the exact air conditions in labs, hoods, clean rooms, coolers, stockrooms, incubators, environmental chambers, and chemical storage areas.

Product: **Traceable® 5mL Vaccine Thermometer**

Code: **14144**

Colours: **/**

Size: **5ml**

Pack Size: **1**

Bottle insulates sensor from rapid temperature changes when the refrigerator door is opened. The thermometer fulfils all CDC thermometer and vaccine thermometer requirements.

Product: **Traceable® Hi-Accuracy Refrigerator Thermometer**

Code: **17988**

Colours: **/**

Size: **70 x 108 x 19mm.**

Pack Size: **1**

This traceable Hi-Accuracy thermometer records time and date for min/max readings and high/low alarm alerts. The triple display simultaneously shows min/max and current temperatures.

Product: Traceable® Hi-Accuracy Refrigerator Thermometer

Code: 17989

Colours: /

Size: 70 x 108 x 19mm

Pack Size: 2 Bottles

This traceable Hi-Accuracy thermometer records time and date for min/max readings and high/low alarm alerts. The triple display simultaneously shows min/max and current temperatures. Temperature-buffered bottle sensor insulates and eliminates rapid temperature changes when refrigerator door is opened.

Product: Traceable® Hi-Accuracy Thermometer – 2 probe

Code: 17990

Colours: /

Size: 70 x 108 x 19mm

Pack Size: 2 Probes

This traceable Hi-Accuracy thermometer records time and date for min/max readings and high/low alarm alerts. The triple display simultaneously shows min/max and current temperatures. Temperature-buffered bottle sensor insulates and eliminates rapid temperature changes when refrigerator door is opened.

Product: Traceable Memory Monitoring Air Temp Thermometer

Code: 10367

Colours: /

Size: /

Pack Size: 1

Description - Traceable – Memory Monitoring Air Temp Thermometer. The thermometer displays a minimum and maximum memory feature. Triple display for current, high, and low temperatures. The Thermometer has an alarm that may be set in one-degree increments.

Product: Memory Monitoring Refrigerator/Freezer Thermometer

Code: 10368

Colours: /

Size: /

Pack Size: 1

Description - Memory Monitoring Refrigerator/Freezer Thermometer. The thermometer displays a minimum and maximum memory feature. Triple display for current, high, and low temperatures. The Thermometer has an alarm that may be set in one-degree increments.

Product: Wireless Refrigerator Freezer Thermometer

Code: 10378

Colours: /

Size: 149 x 58 x 25mm

Pack Size: 1

Our Wireless Refrigerator Freezer Thermometer is one unit to monitor two areas! Wirelessly monitor refrigerator and freezer temperatures simultaneously.

Product: Refrigerator/Freezer Thermometer

Code: 3010

Colours: /

Size: /

Pack Size: 1

Our Refrigerator/Freezer Thermometer is effective for use in the refrigerator or freezer. The attached C hook allows easy hanging. The thermometer bracket swivels for easy reading. The Red liquid inside the thermometer is non-toxic, and mercury free. Easy-to-read numbers, in both Fahrenheit and Celsius.

Product: Long Probe Thermometer

Code: 17844

Colours: /

Size: 273 x 44mm

Pack Size: 1

This Thermometer's reading display updates every second, thus providing an accurate reading. With the touch of a button, the memory recalls the highest and lowest temperature readings over any time period until it is reset.

Product: Horizontal Refrigerator/Freezer Thermometer

Code: 16088

Colours: /

Size: /

Pack Size: 1

Meet HACCP guidelines by making sure refrigerators and freezers have a thermometer and are being maintained at the proper temperature. 127mm non-toxic spirit-filled (organically filled with mineral spirits) glass tube. The thermometer ranges from -40° to 80°F (-40° to 25°C).

Product: **Weighing Boat, Large**

Code: **3092**

Colours: **White**

Size: **140 x 22mm**

Pack Size: **100**

Resilient polystyrene construction ensures accurate control of pour outs after weighing. Nonstick surface, rugged enough for mixing.

Product: **Weighing Boat, Micro**

Code: **3420**

Colours: **White**

Size: **/**

Pack Size: **100**

Micro Boats are ideal for weighing small quantities of ingredients. Resilient polystyrene construction ensures accurate control of pour outs after weighing. Nonstick surface, rugged enough for mixing.

Product: **Small Weighing Boat**

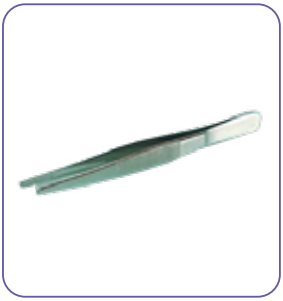
Code: **3090**

Colours: **White**

Size: **83 x 83 x 19mm**

Pack Size: **100**

Resilient polystyrene construction ensures accurate control of pour outs after weighing. Nonstick surface, rugged enough for mixing.



Product: **Tweezers, 6 Inch**

Code: **3039**

Colours: **/**

Size: **152mm**

Pack Size: **1**

Indented ridges on the outside centre and inside for a secure grip. The tweezers are made from Stainless steel. These tweezers can be cleaned with alcohol or autoclave.

Product: **Mortar Card**

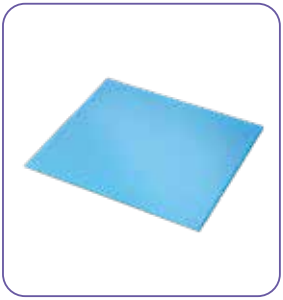
Code: **3035-50**

Colours: **Blue, Red, White and Yellow**

Size: **/**

Pack Size: **Single Use Only**

Mortar Cards help scrape and pick up residual medication from the mortar. Made of polyethylene plastic. Flexibility allows use on any size mortar or mixing bowl.



Product: **Glass Ointment Slab, 1/4 Inch Thick**

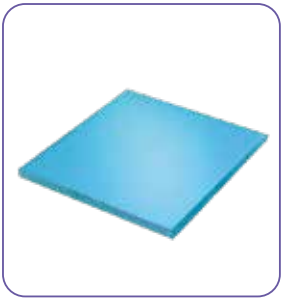
Code: **3098**

Colours: **Clear**

Size: **305 x 305mm**

Pack Size: **/**

Thick slabs are available for mixing ingredients. Slab measures 305mm x 305mm.



Product: **Glass Ointment Slab, 3/4 Inch Thick**

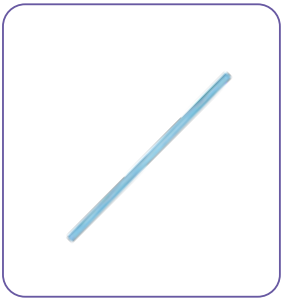
Code: **3413**

Colours: **Clear**

Size: **305 x 305mm**

Pack Size: **/**

New 19mm thick Ointment Slab. Slab measures 305mm x 305mm.



Product: **Glass Stirring Rod, 10 Inch**

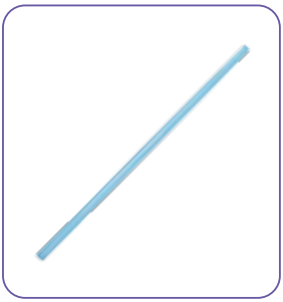
Code: **3018**

Colours: **Clear**

Size: **254mm**

Pack Size: **1**

Available 3 per package. Rounded ends provide user safety and help minimize scratching other containers.



Product: Glass Stirring Rod, 12 Inch

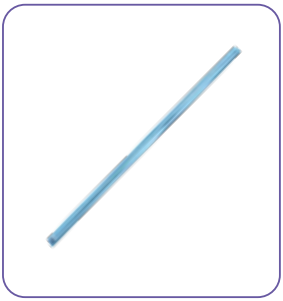
Code: 3009

Colours: Clear

Size: 305mm

Pack Size: 1

Available 3 per package. Rounded ends provide user safety and help minimize scratching other containers.



Product: Glass Stirring Rod, 8 Inch

Code: 3017

Colours: Clear

Size: 203mm

Pack Size: 1

Available 3 per package. Rounded ends provide user safety and help minimize scratching other containers.

Product: Glassine Paper

Code: 3016

Colours: Clear

Size: 95 x 114mm

Pack Size: /

Non absorbent glassine weighing paper.

Product: Glassine Sheets

Code: 3097

Colours: Clear

Size: 305 x 305mm

Pack Size: 100

Available 100 sheets per pad – two pads per package. Vegetable parchment paper with bound edges.

Product: **Anti-Static Weighing Canoe, Large**

Code: **3423**

Colours: **/**

Size: **Large**

Pack Size: **100**

Available in packages of 100. Made of non stick polystyrene. Square shape makes transfer easy.

Product: **Anti-Static Weighing Canoe, Medium**

Code: **3422**

Colours: **/**

Size: **Medium**

Pack Size: **100**

Available in packages of 100. Made of non stick polystyrene. Square shape makes transfer easy.

Product: **Anti-Static Weighing Canoe, Small**

Code: **3421**

Colours: **/**

Size: **Small**

Pack Size: **100**

Product: **Quiet Crusher**

Code: **12655**

Colours: **Blue With White Dispenser**

Size: **305 x 95 x 92mm**

Pack Size: **1**

Crush medication to a fine powder without all the noise! No tap, tap, tapping of the handle like other heavy-duty tablet crushers. Crusher uses a rolling action which is quiet and crushes in an even pattern which eliminates lumps of uncrushed medication.

Product: **Plastic Tablet Crusher**

Code: **7305B**

Colours: **Blue**

Size: **203 x 83 x 83mm**

Pack Size: **1**

Easily converts tablets to a powder by using a simple up and down tapping motion of the crusher's handle. Requires the use of two crush cups, greatly reducing the chance of cross-contamination.

Product: **Crusher Bags**

Code: **12656**

Colours: **Clear**

Size: **50 x 100mm**

Pack Size: **100**

Reduce Risk with these durable polyethylene bags, the bags hold multiple tablets in place during crushing and help prevent cross-contamination.

Product: **Porcelain Mortar and Pestle Set (3 Sizes)**

Code: **Various (call for details)**

Colours: **White**

Size: **14074: 3oz / 14075: 3-3/8oz / 14076: 11oz**

Pack Size: **Available individually or as a set.**

Use for preparing medications for patients or compounding recipes. Tablets are crushed into a fine powder that can easily be dissolved in liquids or can be stirred into soft foods. Can easily be sterilized, cleaned with alcohol, or washed with soap and water.

Product: **Personal Tablet Crusher With Cap, Blue**

Code: **7338 / 7335**

Colours: **Blue or White**

Size: **/**

Pack Size: **1**

Deep grooves in both sections of the personal tablet crushers make it easy for fingers to manipulate and transform tablets into powder form (not for enteric coated tablets).

Product: **Medication Crushing Cup Set**

Code: **7337-01**

Colours: **White**

Size: **/**

Pack Size: **Available as a set**

Our Medication Crushing Cups are designed for use in pairs with a grinding area located between the cup surfaces. A grated design allows for uniform grinding of tablets. Cups are thick heavy duty white plastic designed to withstand heavy grinding pressure.

Product: **Easy-Grip Tablet Crusher**

Code: **7336**

Colours: **Clear With Blue Lid**

Size: **44 x 70mm**

Pack Size: **1**

This tablet crusher has grip spikes that make it easier to turn the crusher. Easily cleaned with soap and water. A snap cap covers the storage compartment. The cap can be custom printed with the facility name and logo.

Product: Cut and Crush Combination Cutter and Crusher

Code: 17042

Colours: Red

Size: 76 x 38mm

Pack Size: 1

This multi-purpose aid functions as a tablet crusher, tablet cutter, drink cup, and med storage container. Serrated crusher surfaces effortlessly crush tablets into a fine powder without caking or partial crushing.

Product: Combination Tablet Cutter/Crusher

Code: 7328-01

Colours: /

Size: /

Pack Size: 1

Combination Crushers & Cutters provide two in one convenience for administering medication. One end cuts tablets and one end grind them into a powder.

Product: All Metal Tablet Crusher

Code: 7355

Colours: /

Size: 216 x 89 x 76mm

Pack Size: 1

The All Metal Tablet Crusher is made of heavy-duty chrome plated, die cast components and stainless steel fittings to endure every day crushing.

Product: Paper Souffle Cup, 1/2 oz

Code: 7368

Colours: White

Size: 1/2 oz. (15mL)

Pack Size: 1000

250 cups in a plastic sleeve; four sleeves per package.
